

Shen Anthony M. Sarsale

09941900395 | shensarsale25@gmail.com | St. Christine, Lianga, Surigao, Del, Sur

EDUCATION

Southway College of Technology

Bachelor of Science in Information Technology, GPA: 1.31

San Francisco, Agusan, Del Sur

Aug 2022 – Mar 2026

- Cum Laude
- Civil Service Eligible
- TES Scholar
- Special Awards in Cyber Security

EXPERIENCE

Web Developer Intern

Jairosoft Inc.

Dec 2025 – Feb 2026

Holy Trinity Avenue, Holy Trinity Village, Cabantian, Davao City.

- Developed and shipped a grading/assessment module for a Learning Management System (LMS) using Bubble.io, enabling instructors to create, manage, and score assessments. Used DevOps practices and Bubble Version Control to manage feature releases and prevent conflicts across a shared codebase, while collaborating with the development team via Microsoft Teams to scope, build, and test the module within sprint deadlines.

LEADERSHIP

Scrum Master

Jairosoft. Inc

Dec 2025 – Feb 2026

Holy Trinity Avenue, Holy Trinity Village, Cabantian, Davao City.

- Led daily standups and sprint planning for a team of 15 intern developers, keeping the team aligned on priorities and blockers. Facilitated sprint retrospectives to identify process bottlenecks and improve team delivery consistency, while coordinating cross-functional communication between developers and stakeholders to keep the LMS project on schedule.

CERTIFICATIONS

CS50x Introduction to Computer Science

CS50 Harvard

2026-06

CS50's Introduction to programming with Python

CS50 Harvard

2025-09

PROJECTS

Laze | React, Vite, Html, Supabase, Tailwindcss

Apr 2026 – Jun 2026

- Built a full-stack study companion web app (React, Vite, Supabase, Tailwind CSS) that lets users track study sessions and manage tasks
- Conducted early user testing to gather feedback and refine UI and core features

Past Life Generator | Python

Jul 2024 – Sep 2025

- Built a quiz-based Python game that generates a personalized "past life" story based on user input, developed independently as a solo project. Designed the logic to map user answers to dynamic story outcomes, creating varied and replayable results, while handling all aspects of development — including input handling, story logic, and output formatting.

CAPSTONE

Cargo

Southway College of Technology

Aug 2025 – Mar 2026

- Performed QA testing on a full-stack peer-to-peer car rental mobile app (Flutter, Dart, PHP, MySQL) as part of a capstone team project. Tested core features — including user authentication, vehicle listings, search, and booking/reservation system — identifying and reporting bugs to ensure app stability, and collaborated with developers to reproduce issues and verify fixes before submission.

TECHNICAL SKILLS

Languages: JavaScript, TypeScript, Python, PHP, C, C++, SQL, Dart, HTML, CSS, VB.NET

Frameworks/Tools: React, Bootstrap, Tailwind CSS, Vite, Jinja, Bubble.io, Git, MySQL, Vercel
